

**A FREE WORKSHOP
ON
FOREST PRACTICE RULES
CONCERNING**

Forest Roads

Sedro Woolley – April 1
Chehalis – April 15
Colville – May 6

***Protect your forest road system while
safeguarding water, fish and wildlife***

Sponsored by:

- **Washington Department of Natural Resources
Small Forest Landowner Office**
- **Washington Farm Forestry Association**
- **University of Washington
Rural Technology Initiative**
- **Washington State University** Extension
- **Washington State Department of
Fish and Wildlife**

**Are you a small forest landowner?
Then this workshop is for you.**

Learn how to protect your forest road system while minimizing impacts to streams and water quality through road engineering strategies.

- ❖ Discover how you can improve your forest roads and how to lower overall maintenance costs.
- ❖ Learn about the forest road maintenance standards and requirements.
- ❖ Find out whom to contact for various technical and financial assistance programs that can help you make these improvements.
- ❖ Become familiar with assessing the condition of your forest roads and potential impacts they may have on water quality.

Course Features

- Forest Practices Rules
- Road Maintenance Responsibilities
- Family Forests Fish Passage Program – a state cost-sharing program
- Technical and Financial Resources
